JUVENILE DIVISION

# ANNUAL REPORT COVER ART

## **“Rust Belt Hope” Mural**

The Community Service Unit youth worked in collaboration with the Center for Art-Inspired Learning and designed and created “Rust Belt Hope,” a mural that symbolizes the empowerment of the inner city youth, who hold the hope of the city’s future in their hands.

Developed in 1998, the Cuyahoga County Juvenile Court’s Community Service/ Restitution Program was designed to provide positive sanctions and to give youth an opportunity to make amends for harm done to victims and the community.

The program encourages juvenile probationers to take responsibility for their actions and can be used as a court-ordered dispositional alternative.

The mural is located in the lower-level of the Juvenile Court’s Metzenbaum Building, 3343 Community College Avenue, Cleveland, Ohio 44123.

Armond Budish

Cuyahoga County Executive

Dan Brady

President, Cuyahoga County Council

Harvey J. Reed

Director, Ohio Department of Youth Services

Greetings:

2015 was a year of change for the Juvenile Court. The court administrator, Marita Kavalec, announced her retirement at the beginning of March. We used the process of finding her replacement as an opportunity to update the court administrative structure for the 21st century. The booking process for juveniles in the City of Cleveland began moving from downtown in the county jail to the detention center. We have made many improvements to the child support processes and continue to work on this area. The Court Appointed Special Advocates (CASA) initiative became a court program until it becomes part of a 501(C)(3) with the Guardian ad Litem project.

Marita Kavalec worked in the juvenile court in various capacities since 1998. She was the Administrator for the Guardian ad Litem Project, the Director of Court Services, and the Court Administrator. She was always a calm, steady presence at the court. We were very sad to lose her.

# OPEN LETTER

Marita and I talked about the need to update and streamline the court's administration structure that had been in place since 1998. When Marita left, changes to that structure were made that gave us time to carefully select her replacement and were made permanent because they worked out well. All six judges were actively involved in the hiring process of the new court administrator, and the court received much help from the court administrators of the other divisions. Terease (Tess) Z. Neff was unanimously selected by the judges as the new Juvenile Court Administrator and started in this capacity on September 7, 2015.

Dana Chavers and Timothy McDevitt were selected as the Deputy Court Administrators, Mark Majer became Chief Legal Counsel to the Court, and Linda Brooks was made Director of the Clerk of the Juvenile Court. The elevation of the clerk's office reflects the importance of the office to the operations of the court and puts it on an equal footing with the detention center and probation.

\*\*\*

We streamlined the booking process for youth arrested in Cleveland. Under the old process, youth arrested in Cleveland went from the local police district headquarters to the city jail in downtown Cleveland for photographs and fingerprinting. The youth were in line of sight and sound of adults and in facilities that were not appropriate for children. Under the new system, the booking process has been moved into the detention center. This will reduce the amount of time police officers spend with driving kids around and allow the officers to return to duty faster, meaning more police on the street. Moving the process out of the city jail provides a safer, less traumatizing environment for the youth.

\*\*\*

The Juvenile Court became the parent organization of the Court Appointed Special Advocates (CASA) program. The CASA program recruits and trains community volunteers to advocate for the best interests of abused, neglected, and dependent children. CASA volunteers have regular and frequent contact with the children for whom they advocate. The CASA volunteer talks to everyone in the child's life, such as parents and relatives, foster parents, teachers, medical professionals, attorneys, and social workers, and use that information to help judges make decisions and to make sure the child's needs are being met.

Fifty stakeholders representing many different agencies and interests participated on the CASA Steering Committee since October 2014 to conduct a comprehensive planning process. At the end of June 2015, CASA of Cuyahoga County was approved for provisional membership and joined 930 other program offices around the country providing CASA/GAL volunteer advocacy for abused and neglected children. The Executive Director was hired in October 2015, and volunteers will begin taking cases in January 2016. The CASA program is funded by grants totaling approximately \$325,000. One unique aspect of the Cuyahoga County CASA program is that we are partnering with Cleveland State University and Case Western Reserve University to conduct an assessment of what elements are most crucial to the CASA services and their correlation to successful outcomes for children. This will be done by interviewing CASA volunteers, GALs, Division of Children and Family Services (CCDCFS) staff, and parents and by a case record review using a design wherein cases are assigned by lottery to either receive standard GAL services or GAL and CASA services together.

# OPEN LETTER

The Court became the parent organization in June 2015 after the Cleveland Metropolitan Bar Association was no longer able to do so. The CASA program will remain a court program until a new nonprofit 501(C)(3) is created. This new nonprofit will become the parent organization of both the CASA program and the Guardian ad Litem program, which will become sibling organizations advocating for the best interests of court-involved children.

\*\*\*

Improving the efficiency of the child support docket and related services was another focus of the court this year. Parents, or other persons with child support obligations may now make those payments at the Cashiers Office on the second floor of the courthouse in the Clerk's Office. Parties may also now comply with orders for DNA testing at the courthouse rather than having to travel offsite for the tests.

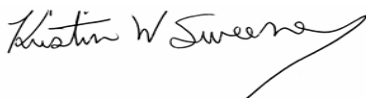

Judge Alison L. Floyd and Judge Denise N. Rini worked hard during the year to launch the creation of Warrant Recall Fridays for parents with outstanding warrants for failing to pay child support. These parents will be able to simply come to court on Friday, work out a payment plan, have the warrant lifted, and receive a fresh start. Not only do their children get the money they need, the parent gets a weight lifted off their shoulders and are able to be more involved in their children's lives.

Finally, a group of dedicated magistrates on the 8th floor of the courthouse have been diligently working on the long-vexing issue of combining custody determination hearings with child support determinations.

Federal regulations require juvenile courts to track time spent on support determinations in such a burdensome way that these issues have been decoupled from one another so as not to put funding at risk. However, multiple court hearings increase costs and burdens to the parties. It also makes accurate determinations more challenging, as all too often parents and parties simply fail to show up for support determinations, and ultimately the children who should receive the support lose out. By collaborating with the Prosecutor's Office, the Public Defender's Office, the Office of Child Support Services, and the GAL project, this group of magistrates is streamlining the process and improving outcomes for parents and children.

Along with the report of our achievements, I hereby submit, in compliance with Ohio Revised Code 2151.18 and 2151.17, the 2015 Annual Report of the Cuyahoga County Juvenile Court regarding the number and kinds of cases coming before it, their dispositions, and other data pertaining to the work of the Court.

Respectfully,

Kristin W. Sweeney, Administrative Judge

# DETENTION SERVICES

## DETENTION SERVICES

Detention Services administers the care of all juveniles in the secure detention continuum, including: the Detention Center, Shelter Care, and Home Detention. During the year 2015, the Detention Center had an average daily population of 136 juveniles, Shelter Care an average daily population of 34 juveniles, and Home Detention monitored an average caseload of 123 juveniles.

## POPULATION

Admission Screening staff use a race-and gender-neutral validated and age appropriate risk assessment instrument (DASI) to determine the appropriate pre-dispositional placement or status necessary to accomplish the purposes of detention (i.e. ensuring appearance in court and preventing re-offending). Staff place youth eligible for detention in the least restrictive alternative needed to accomplish those purposes (e.g., a non-secure setting, home supervision, home electronic monitoring). Admission is limited to the most serious offenders.

Home Detention Officers can provide electronic monitoring surveillance 24 hours per day, so violations can be addressed as they occur. Technology now allows the electronic monitoring of juveniles who do not have telephones landline. The Juvenile Court has added active GPS surveillance, in order to track the whereabouts of designated juveniles in real time.

## HOUSING UNITS

In the 5 Housing Units, there has been an expansion in programming to educate the residents and provide them with positive reinforcement. Newly admitted residents are provided a thorough orientation by their Social Worker, House Manager, and Detention Officers. The Social Worker provides information pertaining to Court-related detention procedures. The House Manager and Detention Officers provide information about the daily schedule. They are also given information about the Behavior Management program, detention rules and sanctions, and the Social Climate Quality-of-Life survey conducted twice each year. Residents throughout the Detention Center continue to rate their quality of life at the Detention Center as very good, based on their responses to a Social Climate Quality of Life survey.

# DETENTION SERVICES

## EDUCATIONAL SERVICES

The Downtown Education Center is located at the Juvenile Detention Center and residents attend school on-site. The Cleveland Metropolitan School District provides a principal, operational administrator, eleven academic teachers, one educational aide, and one secretary. Residents enrolled in school receive educational services that are age and grade appropriate. Each student's records are requested from their "home school," and students are placed in a digital learning center on an individualized educational program. Academic performance is documented and sent to the student's school of choice upon exiting. The Center administers all required testing for graduation, including: the Ohio Graduation Test (OGT); Ohio Achievement Test (OAT); Ohio Achievement Assessment (OAA); Partnership for Assessment of Readiness for College and Careers (PARCC); Ohio Test of English Language Acquisition (OTELA); and Next Generation Assessments for Math, English, Science, and Social Studies (NGA). After completion of all required credits and testing by the State of Ohio, students are issued their high school diploma.

## MEDICAL SERVICES

The Detention Center contracts with MetroHealth Systems to provide on-site, around the clock nursing services for residents. Staffing includes one Managing Registered Nurse, four other registered Nurses, four Licensed Practical Nurses, and one medical secretary. A physician or Nurse Practitioner is also on-site for four hours every weekday, excluding holidays, and physicians are on-call when not on the premises.

MetroHealth physicians complete a physical exam of all residents within seven days of admission. The unit has been participating in the Ohio Department of Health's Infertility Prevention Program since 2003, thereby saving the County substantial funds for STD testing and treatment.

Residents are assured of confidential, unrestricted access to medical care by way of staff referrals for emergency medical needs. Medications are dispensed to residents as prescribed. Special dietary needs due to allergies, pregnancy, etc., are communicated to the food service staff and to living unit staff. Dental and other specialty care is provided by MetroHealth and other community providers.

# DETENTION SERVICES

## MENTAL HEALTH SERVICES

The Alcohol, Drug Addiction, and Mental Health Services Board contracts with Applewood Centers to provide Mental Health Services for detention center and shelter care residents. The newest model will provide five independent, licensed Social Workers on-site forty hours each week and the therapists are on-call after hours to assist with any mental health crisis. The therapists are providing special training for all detention center staff. Psychiatrists are on-site eight hours each week and they also provide evaluation, counseling, psychotropic medication referrals, monitoring, and crisis intervention, along with referrals for hospital admissions.

The Massachusetts Youth Screening Instrument (MAYSI) was implemented in late 2015 as part of grant funding provided by the Ohio Department of Youth Services. This screening device is self-administered by all youth approved for admission to the detention center before arriving on an assigned housing unit. This brief assessment measure is used to identify youths with potential mental, emotional, or behavioral problems-including possible risk indicators such as suicidal behavior-prior to arriving at their assigned housing unit.

## STAFF TRAINING

All Juvenile Detention employees and contracted staff receive annual mandatory Core Competency training that includes Cardio-Pulmonary Resuscitation and Automatic External Defibrillator, Standard First Aid, Blood-borne Pathogens, Communicable Diseases, Emergency Response (suicide prevention and intervention), Para-Verbal and Verbal De-Escalation techniques, Subject Control Instruction for escorting and Unarmed Self-Defense, fire extinguisher use, and Prison Rape Elimination Act (PREA)/Sexual Assault Sexual Abuse training. Staff who directly supervise residents receive a total of forty hours annually, in accordance with American Correctional Association Accreditation standards. All newly hired direct service staff receive forty hours of pre-service orientation training and 120 hours of on-the-job training before assuming their responsibilities.

# DETENTION SERVICES

## TRAUMA TRAINING AND SERVICES

Recognizing that detained youth experience trauma that can impact their behavior and cause them to act out in ways that are hard to understand and difficult to manage, detention center workers now receive training to recognize the signs of trauma in youth and the ways staff can intervene for the best possible outcomes. Detention center personnel will also receive training in self-care, as they witness and learn about traumatic events. Interventions in cooperation with Applewood Centers' mental health services will be provided to the residents.

Studies show that this type of training and service can greatly reduce the number of room confinements and restraints and can even create a safer and more comfortable environment for residents and staff.

## BOOKING

- In 2015, the Legal Department, in partnership with the Cuyahoga County Prosecutor's Office and the Cleveland Police Department, originated procedures to begin booking arrested juveniles at the Court's Detention Center. The Second and Fourth Police Districts in the City of Cleveland were chosen as "pilot districts," with the eventual goal of assuming the entire booking responsibilities of juveniles in the City of Cleveland.

The significance of this achievement cannot be overstated. Under Ohio law, juveniles are to be kept out of sight and earshot of adult offenders while being booked. Given the age and limited space at the Cleveland Police Department Headquarters, compliance with the law was impossible. However, the Court's Detention Center admissions area served as an ideal location to book juveniles, and there is never a risk of the youth coming in contact with adult offenders.

## ACCREDITATION

The Ohio Department of Youth Services (ODYS) completed a facility inspection on October 28 and 29, 2015. The audit included the ODYS inspector touring the facility. The tour also included viewing support areas (housekeeping, food, school, and medical services) to better understand the overall operation and programming of the facility. Much of the time was also spent interviewing staff and residents and reviewing documentation that demonstrated compliance with Ohio Administrative Code standards. The practices of the Cuyahoga County Juvenile Detention Center were 99% compliant with Ohio Administrative Code Chapter 5139-37.

# DETENTION SERVICES

## VOLUNTEER SERVICES

A variety of community volunteers provide programming in the areas of life skills. Substance abuse awareness, health and hygiene counseling, arts and crafts, anger management, job preparedness for employment, and conflict resolution continue to be instrumental in the growth and development of the residents of the Detention Center.

Community leaders, athletes, and military personnel give motivational presentations and entertainers present plays throughout the year. Community organizations provide after-school tutoring to help residents improve their educational development.

Before volunteers and college interns can work with residents, they must be cleared through criminal background checks.

### Youth Program Highlights

- Under the supervision of a Board Certified Music Therapist, students in the Music Therapy Program at **Cleveland State University** provided volunteer music therapy services via a practicum placement at the Detention Center
- Members of the **LeadDIVERSITY 2015** class selected the Detention Center to implement a class project offering resume building, interview skills, financial literacy, career options, and cooking lessons
- **John Carroll University's** Carroll Ballers program, **Zanzibar Soul Fusion Restaurant**, **Olivet Institutional Baptist Church**, and **Religious Services** volunteers sponsored Thanksgiving Dinner for youth and staff
- **Recovery Resources**, a new service provider, offers Gambling Awareness and recovery tips
- Religious Services Annual Residents' Christmas Dinner sponsored by **Bethany Baptist Church** and **Elizabeth Baptist Church**
- **A new Summer Enrichment program** offered theater, poetry, visual arts, drumming, fitness, nutrition education, and cooking demonstrations to enhance youths' artistic, life, and social skills
- **Golden Ciphers, Inc.** weekly sessions focuses on cultural awareness and character development

# DETENTION SERVICES

## VOLUNTEER SERVICES (continued)

- Substance abuse awareness peer to peer sessions provided by **Northern Ohio Recovery Association, Inc.** (NORA)
- Part-time chaplain sponsored by **True Freedom Ministries** hired to offer spiritual counseling, including study and worship
- **OSU Extension 4H Club, Robin Stone, Extension Educator** engaged female youth in a service project to create 90 fleece scarves distributed throughout the community
- **Center for Service and Social Action (CSSA) at John Carroll University** recruited student tutors for weekly literacy activities with younger males residing on House 4 and females on House 5

## Volunteer Services Speaker Series

- **Cleveland Public Theatre & Y-Haven Transitional Housing** presented “Walk A Mile,” a special performance by Y-Haven residents. “Walk A Mile,” a powerful original story, looks at the many layers that exist below the surface of our humanity, our secrets, our truth, and our responsibility for one another
- **Cleveland Metroparks** “Nature Tracks” program designed to connect urban residents to nature-based, educational programs provided a Jeopardy “Biodiversity” game and an outdoor scavenger hunt
- **Bill Glass “Behind The Walls” Champions for Life** prison ministry entertained youth with a ventriloquist and two world famous basketball handlers
- Juvenile Detention Center received generous donations of audio CDs from the **Cleveland Public Library, Main branch** and books from the **Cleveland Plain Dealer** and **Guardian ad Litem (GAL) Project**
- Motivational Speaker, **Carl Scott**, Founder, B.O.S.S. program (Brothers Overcoming Struggles with Success), spoke to our male residents on life challenges and solutions
- Motivational speaker, author, and poet, **Shannen Harris**, shared her love of poetry to encourage our female residents

# PROBATION SERVICES

## PROBATION SUPPORT SERVICES

The essential purpose of this unit is to provide support to families and youth being placed on probation. This unit is responsible for assisting court room staff, including the jurist, probation officers, and youth, along with their families, to ensure accurate interpretation of the Court's probation orders. Youth who are adjudicated as delinquents for committing a felony offense are required to submit DNA samples; this unit submits those samples to the Ohio Bureau of Criminal Identification and Investigation. When a youth is committed to ODYS, this unit will interview the youth's family, prepare the required documents, and facilitate the approval process for the youth's admission and transportation. Any youth placed on probation who may reside in another state is subject to Interstate Compact regulations; the Probation Support Services Unit oversees the procedures that regulate the movement of juveniles needing community and legal supervision across state lines for Cuyahoga County Juvenile Court. The unit provides customer service and probation information for incoming calls through the court's general phone line. Social history records are created, maintained, and tracked for accountability within the unit. It is also the responsibility of this unit to destroy records based on sealing and expungement requests or reaching the age of majority.

## PROBATION INVESTIGATION

Probation investigation is responsible for conducting an initial risk assessment called the Ohio Youth Assessment System (OYAS), which measures the youth's risk level in addition to preparing a report for the jurist that includes previous charges, family history, school performance, mental health, and substance abuse issues. Investigative Probation Officers also make recommendations for various assessments to evaluate specific issues, such as substance abuse, mental health, and sex offending behavior. The Investigative Probation Officer then writes a report detailing all of the collected information and presents a carefully considered recommendation to the jurist that weighs the Court's mission to both protect the community and rehabilitate offenders. The Probation Department has two investigative probation units: Central Probation Investigations and Special Services Investigations.

# PROBATION SERVICES

## PROBATION SUPERVISION

Cuyahoga County Juvenile Court has five probation supervision units. Supervisory Probation Officers are responsible for the ongoing monitoring of youth in the community. Supervisory Probation Officers conduct assessments and develop case plans with youth and families designed to lower the youth's risk to reoffend. Probation Officers are well trained in the use of Effective Practice in Community Supervision (EPICS) and Motivational Interviewing (MI) to engage youths and families. Probation Officers participate in a variety of activities with youth and families, including home visits, school visits, court hearings, and community and collateral contacts. Additionally, Probation Officers work closely with school officials, law enforcement, and community stakeholders to not only address problems and concerns, but to also link families to their neighborhood and community to foster positive relationships. The Ohio Youth Assessment System (OYAS) is also utilized in supervision to track progress and reassess case planning needs. Probation Officers use a variety of graduated sanctions and rewards aimed at encouraging positive behavior and correcting negative behavior. The overarching goal of community supervision is to provide interventions that identify and develop youth and family strengths while building supports to sustain and support positive change.

## OHIO YOUTH ASSESSMENT SYSTEM (OYAS)

The OYAS is an Ohio-specific juvenile justice assessment system developed by the Ohio Department of Youth Services, the University of Cincinnati, Ohio juvenile courts, community corrections facilities, and other community programs. The development of this instrument was based on the need to create a risk/needs assessment that provided the juvenile justice system with a standardized process of evaluating the criminogenic needs and risks of the youth. The OYAS contains five assessment tools: Diversion, Detention, Disposition, Residential, and Re-entry. While the tools give an overall picture of risk to reoffend, the disposition tool also determines the areas that present the greatest risk and are the best predictors of further delinquency. The OYAS give probation staff the ability to focus interventions on areas of highest risk, such as: family and living arrangements, peers and social support networks, education and employment, pro-social skills, substance abuse/mental health, and personality and criminal values, beliefs, and attitudes.

# PROBATION SERVICES

## JUVENILE DETENTION ALTERNATIVES INITIATIVE (JDAI)

In 2015, much of the focus of the Juvenile Detention Alternatives Initiative (JDAI) was on strengthening and expanding the CALM domestic violence diversion program and on implementing the recommendations from last year's JDAI Facility Assessment, which provided an evaluation of functioning in Detention Center.

The first step was to develop a **“Condition of Confinement”** team to direct and inform the work of implementation. While recommendations covered several areas, the team chose to pursue the following matters first:

- **Improvement of Mental Health Services in Detention Center:** With funding from the Alcohol Drug Addition and Mental Health Services (ADAMHS) Board, a comprehensive mental health program was put in place with Applewood Centers as the new vendor. Therapists will be available on each living unit to provide timely advice on handling youth issues. Also new this year, youth now complete a self-screening tool (MASYT) that identifies mental health issues upon admission.
- **Expand the Scope of Staff Training:** Trauma and mental health training will be offered for staff members so that workers are able to intervene for traumatized youth in the best possible way. With guidance and materials provided by trauma expert Dr. Marrow, staff will also be trained in self-care.
- **Behavior Management:** The team laid the groundwork for developing a behavior management plan in the near future.

**Domestic Violence Diversion/Alternatives to Detention:** CALM is an assessment and referral service for low-risk domestic violence offenders, who can also stay in a respite bed for up to three days, instead of being detained and having an official case against them. As of December 2015, the CALM pilot program has been operating for just over one year in the Fourth District of the Cleveland Police, and 88% of the youth diverted have not returned to Court since receiving services. Additionally, compared with a group of youth who were processed officially, costs for CALM youth were six times lower than those processed officially, even before services were rendered. With these successes, we laid groundwork for expansion of CALM into the Fifth Police District in early 2016. A Request for Proposal (RFP) for additional respite beds was released.

# PROBATION SERVICES

## JUVENILE DETENTION ALTERNATIVES INITIATIVE (continued)

**Collaboration and Objective Admissions:** This year, Cuyahoga County convened a day-long training for eight different counties in Ohio about developing and implementing a risk assessment instrument designed to determine which youth can be safely supervised in the community and which youth need to be detained. We described to these counties how the Court's Detention Admission Screening Instrument worked to detain only appropriate youth.

## EFFECTIVE PRACTICE IN COMMUNITY SUPERVISION (EPICS)

The Court's Probation Officers utilize EPICS in all of their interactions with youth and their families. EPICS is a research-based model that combines intervention strategies with community supervision. The purpose of EPICS is to structure visits with youth in a way that ensures the application of principles of effective intervention in our community supervision practices. The model is designed to use a combination of monitoring, referrals, and face to face interactions to provide the youth with the correct dosage of treatment according to risk level and make the best possible use of time to develop a collaborative working relationship. Cuyahoga County Juvenile Probation Staff completed EPICS training in 2011 and have fully implemented the model into their daily practice. In 2012, selected employees were trained by the University of Cincinnati to become trainers in the model, and staff that were already trained continue to have refreshers to ensure our fidelity to the model.

## MOTIVATIONAL INTERVIEWING (MI)

MI is an evidence-based treatment that addresses ambivalence to change. It is a conversational approach designed to help people identify their readiness, willingness, and ability to change and to make use of their own change-talk. MI is a core component of evidence-based practices, and emerging best practices in criminal justice. MI is a firm, fair, and consistent stance where probation officers work to form a positive, collaborative relationship with their clients while also holding them accountable. All probation officers were trained in MI in 2015. MI works well with EPICS as a client's willingness to change increases; the EPICS model provides them the tools and skills to do so.

# PROBATION SERVICES

## SPECIALIZED DOCKET

During 2015, the court continued its specialized dockets-**Juvenile Drug Court, Family Drug Court, Mental Health Court, and Re-entry Court.**

**Juvenile Drug Court** requires participants to attend regularly scheduled court hearings, meet with a case manager multiple times a week, and submit to random drug screens. Participants are also required to attend treatment. Graduated rewards and sanctions are utilized as juveniles move through the multiple phases of the program.

The **Family Drug Court** operates similarly to the **Delinquency Drug Court**, but the participants are parents whose children are alleged to be abused, neglected, or dependent and who are at risk of losing custody of their children because of drug dependency. The intensive program is designed to reduce the time that a child may have to spend in placement while the parent receives treatment for their substance abuse addiction.

The **Mental Health Court (Phoenix Court)** focuses on youth who, if not for their mental health status, would most likely not be involved in the court system. Through collaboration with the Cuyahoga County Tapestry System of Care, the youth and families involved in this docket are able to receive community-based supports that enable them to stay in their homes, address their mental health issues, and reduce the possibility of further Court involvement.

The **Re-entry Court** is designed to address the needs of youth returning to the community from Ohio Department of Youth Services (ODYS) institutions. Identified youth who are at high risk for further delinquent activity are selected. The specialized docket provides needed support and intensive supervision through joint efforts with ODYS and other county agencies for youth and families. Education, employment, and life skills opportunities are provided in an effort to maintain youth safely in their communities.

## BEHAVIORAL HEALTH JUVENILE JUSTICE (BHJJ)

In the Spring of 2006, the Court and its systems partners, the Cuyahoga County Community Mental Health Board, the Alcohol and Drug Addiction Services Board of Cuyahoga County (now the ADAHMS Board), and the Family and Children First Council, were awarded a grant by the State of Ohio to provide intensive services to female offenders with concurrent mental illness and substance abuse diagnoses. In 2009, the program was expanded to serve males.

# PROBATION SERVICES

## BEHAVIORAL HEALTH JUVENILE JUSTICE (BHJJ) (continued)

The program continues its success as just five youth involved have been committed to the Ohio Department of Youth Services (ODYS) while involved with BHJJ. The services provided are Assessment, Wraparound Case Management, intensive probation services, Multi-Systemic Therapy (MST), In-Home Integrated Co-occurring Treatment (ITC), Intensive Out-patient Treatment, a designated Crisis/Stabilization bed, and Short-Term Inpatient and Residential Treatment if needed. Court Placement Aftercare Coordinators and Court Care Coordinators work as a team to provide an intensive level of Court supervision for these offenders.

## COMMUNITY SERVICE/RESTITUTION PROGRAM

Developed in 1986, the Cuyahoga County Juvenile Court's Community Service/Restitution Program was designed to provide positive sanctions and to give youth an opportunity to make amends for harm done to victims and the community. The program encourages juvenile probationers to take responsibility for their actions and can be used as a court-ordered dispositional alternative.

The program has job sites located throughout the county where probationers are assigned. Sites include nursing homes, churches, hunger centers, community gardens, neighborhood recreation centers, and more.

Since 2013, the Community Service Program has collaborated with Fairfax Renaissance Development Corporation and the Center for Arts Inspired Learning in helping with restorative efforts of our youth in the city of Cleveland. This year, the Community Service Unit youth continued their work in collaboration with the Center for Art-Inspired Learning and designed and created "Rust Belt Hope" (as seen on the cover), a mural that symbolizes the empowerment of the inner city youth, who hold the hope of the city's future in their hands.

Every Saturday, an average of 30 youth participate in community service activities. In 2015, there were 38,901 community service hours completed by juvenile probationers in Cuyahoga County, and the average number of community service hours per youth was 40 hours.

In 2006, the Court's Victims Assistance Restitution Program (VARP) was implemented that allows youth who owe restitution to earn up to \$400 by completing community service hours through the Community Service Program. This gives the youth the opportunity to pay back all or a portion of what they owe the victim. The program collected a total of \$54,766 in 2015.

# PROBATION SERVICES

## MULTI-SYSTEMIC THERAPY PROGRAM (MST)

The Cuyahoga County Juvenile Court Multi-Systemic Therapy Program has been in existence for over 13 years. The program employs eight therapists and one manager. The program serves 120 youth and families per year.

The MST program is a unique, goal oriented, comprehensive treatment program designed to serve youth with multiple problems in their communities. MST is a community based treatment program that has been cost effective for youth with complex emotional, social, and academic needs.

MST utilizes a home-based model whereby therapists provide intensive services within the family's ecology, including the home, school, and community. Therapists are available 24 hours per day, seven days a week. Each Therapist has a case load size of 4-6 families to allow for the necessary intensity. The average length of treatment is 3-5 months.

Each MST team has a supervisor and an expert consultant from the Center for Innovative Practice who consults weekly on all cases. MST is effective in reducing anti-social behaviors and recidivism. The MST model increases parenting skills and improves school behaviors by limiting truancy and academic problems. It assists in reducing criminal behavior as well as substance abuse and association with negative peers.

MST provides youth and families with a complete assessment of the youth, with emphasis placed on their family system, school, and community. The MST therapist focuses on understanding the "fit" of the child's and family's issues and how to best to resolve them. In addition, MST focuses on assisting parents in building support systems and social networks within their community and empowers them to address their family's needs more effectively. A heavy emphasis is placed on ensuring the family's ability to sustain the positive changes and avoid recidivism once the therapy had ended.

# PROBATION SERVICES

## PLACEMENT PLANNING DAY REPORT

The Placement Planning Day Report Center (PPDRC) is an alternative to being placed in the Detention Center or Shelter Care for youth who have been identified as placement risks or during the placement determination process. This program is designed to give youth a chance to develop skills to stay in the community, which can result in the youth being diverted from residential placement or decreasing the youth's stay in the residential placement. Working in partnership with the Applewood Centers, male youth on probation report six days a week from 8:00 am to 8:00 pm. During the day-long program, the youth receive a full psycho-social assessment and an Individualized Treatment Plan (ITP) to define individualized goals and strategies to reach these goals. At a minimum, the youth receives group counseling, individual counseling, case management, and family therapy. PPDRC also provides educational services on-site and structured recreational activities.

## PLACEMENT AFTERCARE

Residential Placement is out-of-home therapeutic placement for youth needing the most intensive level of services. All of the facilities used by the Court are licensed by the State of Ohio and are staff-secure, providing intensive counseling and supervision 24 hours a day, 7 days a week. Youth placed in residential treatment are typically youth who have not adjusted well to community-based services. Removing a youth from his/her home is always a difficult decision.

The Court's goal is to work with youth and their families in the least restrictive environment and to only place a youth out of the home after community-based resources have been exhausted.

Services in placement include, but are not limited to:

- Individual, group, anger management, sex offender, chemical dependency, and family counseling.
- Mental health care, psychological and psychiatric evaluations, and monitoring.
- Medication evaluation and monitoring.
- Educational services; including special education, GED preparation, and vocational education.

# PROBATION SERVICES

## PLACEMENT AFTERCARE (continued)

Upon discharge, the youth and family are provided with Court Aftercare supervision. Aftercare supervision is an intensive level of supervision that gradually gives the youth more freedom and responsibility. Aftercare planning starts even before the youth is placed. During the early part of Aftercare, the youth and family have weekly contact with a Court Placement Aftercare Coordinator and are also involved with other specialized counseling specific to the needs of the youth and family. By the end of Aftercare, contact with Court and system representatives is monthly, and the family and youth have built community supports and resources outside of the system. The hope is that these new supports and resources will prevent further system involvement in the future.

## SCHOOL BASED PROBATION

In May 2003, the Court received a Project Neighborhood Safe Grant through the U.S. Bureau of Justice Assistance, in conjunction with Ohio Criminal Justice Services, to fund a School-based Probation Violent Offender Project. The project involved a collaborative effort with the Cleveland Municipal School District (CMSD), the Cleveland Police Department's 1st and 6th Districts, and the Cuyahoga County Juvenile Court. The project continues to be sustained by RECLAIM Ohio funding due to the success of the program. The Probation Department has placed School-based Liaisons (SBL) in the following CMSD High Schools: Glenville, John Marshall, East Tech, and John F. Kennedy. The Cleveland Heights/University Heights District, recognizing the value of the project, provided funding in 2010 to place an officer in Cleveland Heights High and continues to do so today. In 2015, the Positive Education Program (PEP) approached the court to have an officer placed in their district (PEP Ireland), and also provides financial support for the position. The intent is to provide intensive probation supervision within the immediate environment of juvenile offenders attending these schools, while sharing information with school and law enforcement officials. Probationers are seen on a daily basis. With a goal of increasing parental involvement, the SBL will participate in probationers' Individual Educational Plans and Individual Behavioral Plans. The SBL may become involved with school social workers in pro-social skill group sessions. The expectation is to reduce recidivism, reduce truancy, and assist youth in developing positive pro-social skill behavior. SBLs work closely with the Cleveland Police Department, especially with respect to youth-at-risk and youth absconding. Probation Staff received special training in order to work effectively in this collaborative Project Safe Neighborhood endeavor.

# PROBATION SERVICES

## COGNITIVE BEHAVIORAL THERAPY CENTER

The Cognitive Behavioral Therapy program (CBT) is an evidenced based, intensive, day treatment program. This program has been successful in assisting youth who exhibit criminogenic behaviors to make pro social choices and reduce recidivism.

The CBT program is based on the curriculum *Thinking for a Change*. The two distinct parts of the curriculum are cognitive restructuring and social skill interventions, which build upon one another and lay the foundation for problem solving. The program can vary in length depending on the youth's participation, so it can take from 11 to 17 weeks to complete.

The CBT program is designed to target youth who are assessed to be moderate to high risk. The program addresses the criminogenic thinking patterns/behaviors that have impacted the youth's abilities to function as a productive part of society.

- The CBT program has partnered with the Board of Health in presenting the Personal Responsibility Education Program (PREP) and the Center for Arts Inspires Learning to produce works of poetry as a way for youth to creatively express their thoughts and feelings.

# COURT OPERATIONS

## COURT OPERATIONS DIVISION

The Court Operations Division consists of Detention Services, the Diagnostic Clinic, Information Services, and the Court Appointed Special Advocate (CASA) Program.

## INFORMATION SERVICES (IS)

Approximately 550 court staff are provided training and direct desktop and network support by Information Services staff. Standard and ad hoc data and statistical reports are also produced.

Information Services continues to provide ongoing *iCase* support to users via the *iCase* Help Desk. In addition, on-site *iCase* training is provided to police and other outside agencies, utilizing the court's new training facility located within the Juvenile Justice Center.

Information Services personnel evaluate opportunities for technologies that expand the capacity of the Court's information system. Efforts are constantly made to deliver information to decision makers at critical events. Staff closely monitor system performance and are quick to intervene when events occur that are outside the established performance measures.

## DIAGNOSTIC CLINIC

The Diagnostic Clinic's psychologists perform high quality forensic mental health evaluations on youth and/or families who have matters pending before the Court. In 2015, thirteen consulting psychologists who work at the court a minimum of one to as many as a dozen days each month, numerous interns and fellows, and one psychometrist, completed approximately 700 evaluations. In addition, the Court Clinic provided competency attainment services to a number of youth and numerous training workshops and presentations that were available to staff court-wide. As a result of increased efficiencies, evaluations regarding youth, whether at home or in secure detention, are now available to the court's jurists within eighteen calendar days.

# COURT OPERATIONS

## DIAGNOSTIC CLINIC (continued)

The Cuyahoga County Juvenile Court's Diagnostic Clinic Manager is one of four contributing authors to an article published in 2015: **JUDICIAL BYPASS OF PARENTAL CONSENT FOR ABORTION - *Characteristics of Pregnant Minor "Jane Does"*** (*Journal of Nervous and Mental Disease*, Volume 203, Number 6, June 2015).

## CONCLUSIONS

In 38 states, pregnant minors can obtain an abortion without parental consent through a judicial bypass procedure. To grant such a petition in Ohio, the Court must determine that the young woman is either "sufficiently mature and well enough informed to intelligently decide whether to have an abortion," or that notification of her parents is "not in her best interest." For the sake of anonymity in these emotionally and politically charged cases, the pregnant minor is referred to as "Jane Doe." "Jane Doe" evaluations seek to help the court determine maturity and best interests, and assess the pregnant minor's capacity to provide informed consent. This study, which is believed to be the first comprehensive description of characteristics of minors seeking judicial bypasses for abortion, found that "Jane Doe" was typically around 16 1/2 years old with a 17 1/2 year old boyfriend, and that they had been dating for a year and a half. She often held a part-time job and had long-term educational and vocational goals for the future. "Jane Doe" often cited financial concerns about parenting, concerns around family acceptance, and the ability to pursue educational goals as prominent factors in her decision. She had usually pondered her decision about abortion and discussed the pregnancy with a trusted adult, though not her parent. It was believed that this article provided a different picture of "Jane Doe" than what is often speculated.

(The conclusions reached by the article's authors do not necessarily represent the opinions of the Jurists of the Cuyahoga County Juvenile Court.)

# COURT OPERATIONS

## CASA OF CUYAHOGA COUNTY

Court Appointed Special Advocates (CASA) of Cuyahoga County is a new court program commenced in 2015, joining the almost 1,000 local CASA programs in 49 states across the United States. The mission is to provide qualified, trained, and supervised community volunteers to advocate for the best interest of abused, neglected, and dependent children in the juvenile court system.

CASA's unique vision empowers volunteer advocates to provide children a voice in the courtroom and in their community. After a lengthy screening and training process, CASA volunteers investigate the circumstances surrounding their assigned child, including their current placement, and any necessary services. As parties to the case, CASA volunteers then make objective fact-based recommendations to the Court regarding the child's best interests.

- Over 300 community members expressed an interest in this opportunity. Thirty-nine volunteers were selected to attend a 30 hour pre-service training. This racially diverse class of
- volunteers includes educators, attorneys, medical professionals, retirees, and students.
- CASA successfully completed training in December 2015 and swore in the inaugural class in a public event on January 6, 2016. Over 150 people attended the ceremony.

# LEGAL DIVISION

## LEGAL DIVISION/COURT ADMINISTRATION

Juvenile Court administration continues to meet with management staff from Cuyahoga County Division of Children and Family Services (CCDCFS) every other month and quarterly with Cuyahoga County Job and Family Services-Office of Child Support Services (CSEA) personnel regarding issues of concern to the Court and both agencies. These sessions have resulted in collaborative procedures and programs that positively benefit the families and children of Cuyahoga County.

One of the programs CSEA has initiated is Parenting Time Opportunities for Children, or PTOC. This initiative offers unmarried parents a free and simple way to create legally enforceable parenting time plans at their administrative support hearings. When the administrative hearing is completed and the parties agree to a parenting time plan, the administrative order of support and the parenting time plan are filed at the juvenile court and adopted as orders of the Court.

The Juvenile Court has also begun working with CSEA, CCDCFS, the Guardian ad Litem Project, assigned counsel, and the Cuyahoga County Public Defender's Office to establish support orders in the dispositions of abuse, neglect, and dependency cases and private custody matters.

The Juvenile Court continues its relationship with the Legal Aid Society of Cleveland, the Cleveland-Marshall College of Law, CSEA, assigned counsel, and the Office of Mediation to provide legal assistance to *pro se* litigants in the court's child support cases. The services provided include assisting *pro se* litigants in determining a course of action to resolve their child support problems and offering guidance in completing *pro se* motions and pleadings.

As a result of these clinics, *pro se* litigants file pleadings that result in the scheduling of court hearings instead of having their filings dismissed because of legally insufficient pleadings. Clinic volunteers also prepare the litigants to present their cases in court.

# LEGAL DIVISION

## INTAKE AND DIVERSION UNIT

In January 2015, the Cuyahoga County Juvenile Court entered into a Memorandum of Understanding (MOU) with the Cuyahoga County Prosecutor's Office regarding an intake protocol for alleged juvenile and adult offenders. Under this innovative MOU, the Intake and Diversion Unit acts as the "front door" for all referrals from law enforcement agencies, parents, citizens, agencies, etc.

The Intake and Diversion Unit is responsible for making appropriate recommendations for charging cases officially or recommending diversion. After the point of initiation, unruly, misdemeanor, and felony cases are sent to the Prosecutor's Office for review of recommendations. The Intake and Diversion Unit then works in conjunction with the Prosecutor's Office to achieve consensus on recommendations, with the goal being to divert as many eligible cases as possible. The Intake and Diversion Unit makes decisions on appropriate diversion options ranging from Community Diversion Programs (CDP), Court Unruly Project (CUP), Mediation and Informal Hearings, as well as many more avenues to address unofficial cases.

## CLERK'S OFFICE

The Clerk's Office mission statement is to diligently perform all duties with integrity and professionalism at all times; to provide excellent customer service; and continually pursue methods to maximize efficiencies with processing filings, accessing information, and providing assistance to all.

The Court underwent a restructuring in 2015. As a result, the Clerks' Office is now under the newly-created Legal Department. The Chief Deputy Clerk's title was changed to Director of the Clerk of Court, who now reports to the Legal Counsel, who oversees the entire Legal Department.

As a result of the restructuring, the Cashier's Office became a part of the Clerk's Office. The Cashier's Office consists of three employees: a cashier, fiscal review officer, and fiscal officer I. The cashier is responsible for maintaining books and ledgers to record payment and disbursement of monies, post and balance payments entered on individuals, control ledger cards and computer, enter payments into the computer, and summarizes daily cash receipts and balances the cash drawer.

# LEGAL DIVISION

## CLERK'S OFFICE (continued)

The fiscal review officer is responsible for assessing and managing the record keeping and collection of parental support for youth in private residential facilities; developing and maintaining court collection accounts records; providing statistical information; and answering client inquiries regarding accounts. The fiscal officer I supervises the Cashier's Office and has the major responsibility for the receipt, recording, and disbursement of all Court-order payments; developing and maintaining accounting and fiscal controls to ensure appropriate collection of Court-ordered costs, fines, restitution, bonds, placement, Guardian ad Litem payments, and refunds; participates in audits; verifies daily transactions, balances monies, and prepares bank deposits; monitors bank accounts; and prepares monthly, quarterly and yearly reports.

In July 2015, the Cashier's Office accomplished several goals and began accepting credit card payments. Soon after on October 13, 2015, "cash only" child support payments were accepted. The ultimate goal was to provide a convenient and alternative location for obligors to have the ability to make payment before or after attending court hearings. The child support payments are dispersed within a few days to the families and children, which has been a successful effort.

There have been several goals accomplished during 2015 in the Clerk's Office. The Court began sending hearing notices electronically to all attorneys, prosecutors, public defenders, probation officers, CCDCFS, and CSEA. Currently, journal entries are sent electronically to the CSEA. Journal entries and failure of service notices are sent electronically to the Child Support Prosecutor's Office. In the future, the court has plans to expand this practice and send journal entries electronically. This practice has saved money on manpower, paper, and postage.

In the future, the Clerk's Office will be utilizing electronic service returns from the United States Postal Service to assist in providing a more efficient way of receiving information for the courtroom.

# 2015 STATISTICS DIRECTORY

## TABLE 1: INTAKE & DIVERSION ACTIVITY PAGES 37-38

|                              |                             |
