MISSION STATEMENT

To administer justice, rehabilitate juveniles, support and strengthen families, and promote public safety.

OPEN LETTER

TO: The Citizens of Cuyahoga County

The Honorable Thomas Moyer
Chief Justice, Supreme Court of Ohio

The Honorable Jimmy Dimora, Peter Lawson Jones, and Tim McCormack
Commissioners of Cuyahoga County

The Honorable Geno Natalucci-Persichetti
Director, Ohio Department of Youth Services

The Centennial Year of the Juvenile Court was a memorable one, in which the Court was confronted with extraordinary fiscal, programmatic, and administrative issues and enlivened by the challenges they posed. Our positive responses to these turbulent times gave strong evidence of our commitment to overcome all obstacles in the pursuit of our mission to administer justice, rehabilitate juveniles, support and strengthen families, and promote public safety.

Building on our initiatives of the past years, the Court made great progress in several key areas. Our Community Diversion Program expanded to serve over 2100 area youth. We are proud to report that there are now 42 Community Diversion Programs serving 46 communities throughout Cuyahoga County. Our goal is to expand the program even further, so that all 57 communities in the county develop and participate in this worthwhile endeavor.

Despite the great stress of significant budget cutbacks from virtually all revenue sources, our Court successfully met the formidable task of coming into compliance with federal and state requirements regarding the very limited timelines for confinement of unruly, or "status" offenders in secure detention. To meet these standards, the Court succeeded in obtaining a \$380,000.00 grant from the Office of Juvenile Justice and Delinquency Prevention to fund the Respite Care Program. A team of Court staff developed and instituted an innovative program of non-secure residential care with assessment and case management services. This program has not only kept the Court in compliance with all regulations, but has provided a community based treatment plan uniquely designed to meet the developmental needs of each participating youth. Clearly, this is a win-win situation for both the youth and their families and the Court and the community.

This year, the Court focused on many issues arising in the domain of caseflow manage-

ment. The goal was to increase our productivity so that every case in the pending caseload be in conformity with the high standards set by the Ohio Supreme Court Guidelines. To this end, the Court installed a computer file-tracking system so that each file can be easily located from any workstation in the Court. With the unanimous approval of the judges, the Court developed and began implementation of a Strategic Plan for case management activities. Some of the strategies within the plan included increased capacity and efficiency of service of process, centralized docketing in specific areas of Court operations, and an expansion of the early termination docket in conjunction with the Department of Children and Family Services. The docket successfully terminated temporary custody of children in over 650 cases, thereby effectively reuniting families in appropriate cases and saving untold dollars of county funds for long periods of foster care. I am proud to report that at year's end, the Cuyahoga County Juvenile Court reduced the number of cases exceeding the Ohio Supreme Court Guidelines by over 40 percent. We are centered on the goal of achieving operational excellence in all that we do.

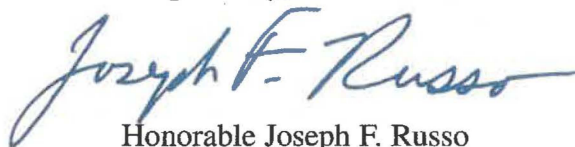

Despite the constraint of budget cuts, the Court diligently pursued the adoption of no less than 36 recommendations of our recent Performance Audit. Thus, in less than two years, the Court has successfully instituted 50% of the audit recommendations received. Looking outward as a community partner, and in furtherance of the Comprehensive Strategy for Juvenile Justice, the Court participated with the Board of County Commissioners and the Family and Children First Council to establish the Youth Services Coordinating Council. The Council, and each of its four subcommittees, meets regularly to help coordinate prevention, intervention and treatment programming for youth throughout the county.

Finally, the success of our Juvenile and Family Drug Courts must not go unnoticed. Of all the graduates of the four-year history of the Juvenile Drug Court, only two youth have "re-offended" and appeared back in Court. The Family Drug Court also continues its vital and successful role in aiding parents to achieve sobriety and reuniting families as a result.

Anticipating the ever-changing nature of societal and economic issues facing the Court in the 21st century, the Court's obligation to provide sound direction and leadership in the use of our scarce resources has never been more acute. With the dedicated bench and professional staff that comprise our Court, I have every confidence that the Cuyahoga County Juvenile Court can meet each new challenge with courage and compassion, and thus remain true to its historic and noble mission.

Along with the report of these achievements, I hereby submit, in compliance with the Ohio Revised Code Section 2151.18, the 2002 Annual Report of the Cuyahoga County Juvenile Court concerning the number and kinds of cases before it, their dispositions, and other data pertaining to the work of the Court.

Respectfully,

Honorable Joseph F. Russo
Administrative Judge, 2002
