

Filing and Motion Fees as Security for Costs

No civil action or proceeding shall be accepted by the Clerk for filing unless the party or parties filing the action shall have first deposited a sum to secure the payment of costs, except as otherwise provided by law. Each child constitutes a separate filing. Therefore, parties will be charged a filing fee for each child. If the filing party is indigent, the party may file a poverty affidavit in lieu of a cash, check or credit card deposit. The affidavit must clearly state the reason for the party's inability to prepay costs and the party must verify, with proper documentation, his or her indigent status at the **Resource Center** on the 2nd floor.

Advance deposits shall be as follows:
